EXPERIENCE

SALESFORCE | Intern, Software Engineering - Pardot
July 2014 – Present | Atlanta, GA
- Helped maintain Pardot, a large-scale sales/marketing web application to deliver marketing emails to businesses and people
- Worked with a scrum team of six other engineers to produce new features to tighten Pardot's Salesforce CRM integration
- Played a key role in directing Intern Hack Week, a week-long hackathon for the 6 Salesforce interns posted in Atlanta this summer, and oversaw the production of a basic machine-learning project that leveraged analytics data from Pardot to find trends in the customer activity behind closed deals.

APPSNMOTION | Intern
May 2014 – July 2014 | Atlanta, GA
- Debugged production code of a restaurant-finding and rewards app
- Enhanced and refined app experience by developing new features and fixing UI bugs

CLOUDSHERPAS | Software Engineering Intern
July 2013 – September 2013 | Atlanta, GA
- Created and implemented UI elements for a client's iOS application
- Integrated Salesforce CRUD APIs into a client's iOS application
- Mocked up Android app demos for clients and explained how a solution could work for specific clients

LEADERSHIP
